TO THE JUDGE

Question for the Judge, How would you like to live off of \$769.20 a month for years, years, and years? Because of the Veterans Affairs cutting you off of the pension. Once a Veteran receive the pension it is Permanent. The Plaintiff Perry lee Wysinger has been done wrong by the Veterans Affairs. They should be made to pay for there wrong doing, meaning pay the Plaintiff his money. How can Veterans Affairs give a Veteran Non-service connected disability pension, and refuse to give him or her service connected? I filed for Non-service connected disability pension and was granted, and received it. When the Veterans Affairs cut me off of the Non-serice connected disability pension. I filed for service connected disability pension 3 years ago, and where denial. How can this be? Getting service connected disability pension shouldn't be a problem, if you already where receiving Non-service connected disability pension. I!m I right or wrong?

Veterans Affairs need to pay me the backpay for cutting me off of Non-service connected disability pension, and put me back on it, or pay me my backpay and put me on service connected disability pension. Then pay me 3 years of backpay on service connected disability pension.

P.S. When a Veteran receive, Veterans pension, it is PERMANENT.

As a Attorney

Plaintiff

Mr. Perry lee Wysinger

Statement from the Plaintiff

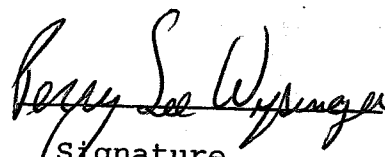

Statement to the Judge that will be handling this Case. The Plaintiff Perry lee Wysinger Representing himself as a Attorney in his on behalf.

What this Case is all about. Veteran Affairs gave the Plaintiff Perry lee Wysinger Veterans pension. Because of a Social Security pension, Veterans Affairs took there pension back from The Plaintiff perry lee wysinger. Veterans Affairs isn't Social Security. I was told this by a licence Attorney, I the Plaintiff have evidence stating that Veterans pension is permanent, meaning to lasting, or mean to last for a very long time. Were is the Statement that state, you can receive VETERANS PENSION UNTEL YOU RECEIVE ANOTHER PENSION. I'm not on Social Security disability pension anymore, meaning the door for Veterans disability pension should be open. Veterans Affairs need to pay me what they owe me, and put me back on the pension.

4 years ago I were made a PAYEE. Look it up. You don't give a person something, and take it back, then tell him or her that they or going to get paid, and don't pay them, you just don't do this. Think about this, how can Veterans Affairs give a Veteran Non-service connected disability pension, and refuse to give him or her service connected. I filed for service connected disability pension and was denial. I have paper work stating that I'm going to get paid. I've been waiting for 4 years.

P. S. I didn't make myself a PAYEE.

P. S. I say know more, my evidence should speak for me.

Signature

This paper work here say, we apologize for the delay. This paper work isn't saying, I'm being denied. Denial, a saying no to a request. A taking away or holding back. The Veterans Affairs are holding back from paying me. They shouldn't be holding back, because I haven't been denied Non-service connected disability pension. I have been waiting for over 4 years to get paid. Explain this to me. Question, How can Veterans Affairs grant a Veteran Non-service connected disability pension, and refuse to grant him or her service connected pension? The Plaintiff Perry wysinger filed for service connected disability pension 3 years ago, and where denial. Service connected pension, shouldn't be a problem if you had already received Non-service connected pension. Am I right or wrong? You think about it. You see I'm a payee-The person to whom a check, money, etc is to be paid. It doesn't take 4 years to pay someone. I didn't make myself a payee. I rest my case.

VA FILE NUMBER

26 682 006

38 CFR 3.321(b)(2)

ISSUE:

Entitlement to non-service connected disability pension under the provisions of 38 CFR 3.321(b)(2).

EVIDENCE:

VA Examination dated 6/29/95 from VA Medical Center Shreveport.

DECISION:

Entitlement to non-service connected disability pension under the provisions of 38 CFR 3.321(b)(2) is granted subject to Adjudication Officer approval.

REASONS AND BASES:

The veteran, age 47, stated he last worked in 1991 as a construction worker. Records show the veteran has a high school education. Disability Social Security benefits was granted in January, 1995.

VA examination dated 6/29/95 was reviewed and considered. The report showed the veteran complained of neck pain and stiffness and of low back pain. The neurological examination of the upper extremities showed normal sensory testing with deep tendon reflexes of 2+ and equal and normal vibratory sense. Examination of the lower extremities showed no complaint, no pain, no evidence of muscle atrophy or wasting. The findings were insufficient to diagnose neurological disease since the veteran had no complaints or no evidence of a radicular syndrome. Range of motion showed dorsiflexion 10 degrees, plantar flexion 45 degrees, considered to be moderately disabling with pain on motion and swelling of the right ankle. Range of motion of the cervical spine and thoracolumbar spine were normal except backward extension of thoracolumbar spine of 30 degrees, mildly restricting, with no pain or tenderness. The examiner noted on the examination that the veteran advised that he was holding himself rigid because he was afraid he might have back pain during the exam. The examination also showed daily episodes of discomfort, particularly if he does not watch what he eats. The examiner also stated the evidence was insufficient to make a gastrointestinal diagnosis and a gastrointestinal work up was needed. The examiner indicated that possible degenerative arthritis of the cervical spine and degenerative arthritis or degenerative disk disease in the lumbar area; however, there was no evidence of such disabilities on examination. The veteran is currently taking medication for hypertension; blood pressure readings were 140/100, sitting, 120/96, recumbent, and 130/94, standing. Diagnoses are essential hypertension, minimal; post operative strain of the right ankle; chronic lumbar strain, moderate; possible degenerative arthritis of cervical strain and lumbar spine and degenerative disk disease of lumbar spine.

The evidence does not demonstrate that the veteran meets the schedular requirements of a single disability ratable at 60 percent or more, or two or more disabilities combining to 70 percent with at least one ratable at 40 percent. Considering the level of disability and other factors, such as, the veteran's age, education and occupational background, an extraschedular permanent and total disability rating is authorized, subject to approval of the Adjudication Officer.

We approved an award for Disability Pension as follows:

EFFECTIVE DATE	MONTHLY RATE	COUNTABLE ANNUAL INCOME	MAXIMUM ANNUAL RATE
12-01-94	\$669.00	\$00000	08037
1-01-95	\$0.00	16685	08037

VA pays a pension which is the difference between countable annual income and a maximum annual rate. You can determine the monthly payment rate as follows:

- (1) subtract countable annual income from the maximum annual rate;
- (2) divide that answer by 12;
- (3) round this answer down to the nearest whole dollar.

We based this award on countable annual income of \$0 from November 28, 1994. To determine the countable income, we included the following sources of income you reported:

VETERAN : EARNED \$00000; SOCIAL SECURITY \$00000;
RETIREMENT \$00000; INTEREST \$00000;
INSURANCE \$00000; AND OTHER INCOME \$00000.

From January 1, 1995, we based the VETERAN'S award on countable annual income of \$16685. We determined countable income by including the following sources of income:

VETERAN : EARNED \$00000; SOCIAL SECURITY \$08988;
RETIREMENT \$00000; INTEREST \$00000;
INSURANCE \$00000; AND OTHER INCOME \$07697.

Payments have been discontinued as shown, because countable annual income from that date exceeds \$8037. If there is a reduction in income and you reopen your claim, please complete the enclosed VA Form 21-0516-1 showing income received and expected for 12 months following termination and for the

Evidence from the Computer, giving evidence of code 38 CFR, 3.321 (b) (2). Showing when a Veteran receive a pension under this code it is PERMANENT. Permanent dosen't mean permanent untel you get another Income. Permanent mean lasting or meant to last for a very long time Like one!s you get permanent teeth, should last as long as one lives. The Plaintiff Perry lee Wysinger was cut off the Veterans pension because of a Social Security pension. Veterans Affairs isn't Social Security, The Plaintiff Perry wysinger done both, and was granted both, Incomes and received a check from both.. Why shouldn't he have both?

(b) Exceptional cases -

(1) Compensation. Ratings shall be based as far as practicable, upon the average impairments of earning capacity with the additional proviso that the Secretary shall from time to time readjust this schedule of ratings in accordance with experience. To accord justice, therefore, to the exceptional case where the schedular evaluations are found to be inadequate, the Under Secretary for Benefits or the Director, Compensation Service, upon field station submission, is authorized to approve on the basis of the criteria set forth in this paragraph an extra-schedular evaluation commensurate with the average earning capacity impairment due exclusively to the service-connected disability or disabilities. The governing norm in these exceptional cases is: A finding that the case presents such an exceptional or unusual disability picture with such related factors as marked interference with employment or frequent periods of hospitalization as to render impractical the application of the regular schedular standards.

(2) Pension. Where the evidence of record establishes that an applicant for pension who is basically eligible fails to meet the disability requirements based on the percentage standards of the rating schedule but is found to be unemployable by reason of his or her disability(ies), age, occupational background and other related factors, the following are authorized to approve on an extra-schedular basis a permanent and total disability rating for pension purposes: the Veterans Service Center Manager or the Pension Management Center Manager; or where regular schedular standards are met as of the date of the rating decision, the rating board.

(3) Effective dates. The effective date of these extra-schedular evaluations granting or increasing benefits will be in accordance with § 3.400(b)(1) and (2) as to original and reopened claims and in accordance with § 3.400(o) in claims for increased benefits.

(c) Advisory opinion. Cases in which application of the schedule is not understood or the propriety of an extra-schedular rating is questionable may be submitted to Central Office for advisory opinion.

MOTION OF RULING BY THE COURT

Come now the Plaintiff in the above CASE, In his on Behalf make a Motion of Reliel by the Ruling of the Court. Base upon the following ground.

The Plaintiff knows , that the Defendant, Veterans Affairs was Negligant in this CASE..

Not forfilling there Abnegation by Law and rules regarding Entitlement to Non_ service Connected disability Pension under the provision of 38 CFR 3.321(b)(2).

Once this Pension is granted or given to a Veteran, it is Permanent, meaning should last as long as one should live.

The Negligant came when the Plaintiff received one check, then was cut off of his Veteran Pension.

The Plaintiff has two Honorable Discharges, one from, United State Army, Army National Guard. I believe the Plaintiff was Granted Non- Service Connected disability Pension, because of his Commitment to the Military service, and that he has No Income.

The Plaintiff hope that the Court see this the way he see it. The Plaintiff has never been denial his Veteran Pension. There isn't one sheet of evidence stating that he is denialed his Pension. The Plaintiff has to be denial, before they can refuse to pay him. All the evidence the plaintiff received from the Veterans Affairs, is that they are PROCESS-ing processing_ A series of changes by which something develops. A method of making or doing something.

The Plaintiff refiled for his Veterans Pension the six of November. It has been two years now. The Plaintiff was cut off of his pension December 1995.

The Veterans Affairs are saying, we don't have the time to pay the Plaintiff.
